Day 3 Oct.28, 2023 Saturday

09:00-10:30	Geo-science Activities & Mineral Exploration	Green Mines & Sustainable Development	Technology and Equipment
	(Room N210)	(Room N211)	(Room N212)
	Exploitation and Utilization of Geothermal Resources	Mine Safety and Sustainable Development	Intelligent Mine
	<p>Organized by: Sinopec Star Petroleum Co., Ltd. Chair: Wang Yanxin, Director of Technology & IT Division, Sinopec Star Petroleum Co., Ltd. →Sigurdur Atli Jonsson, CEO, Arctic Green Energy, Iceland →Wang Guiling, Deputy Chief Geologist, Institute of Hydrogeology and Environmental Geology, Chinese Academy of Geological Sciences (CAGS) →Pall Valdimarsson, Senior Advisor, Technical and R&D, Arctic Green Energy, Iceland and Adjunct Professor at Reykjavik University : Geothermal utilization - sustainable mining of energy →Bu Xianbiao, Deputy Director & Researcher of Geothermal</p>	<p>Organized by: Mine Safety Committee of China Mining Association Chair: Ren Hui, Deputy Director of China National Administration of Coal Geology & Director of Mine Safety Committee of China Mining Association →Zhu Zhenfang, Deputy Director of the Office of the Work Safety Committee & First Level Inspector of Mining Rights Management Dept, Ministry of Natural Resources PRC: Strengthen safety production management and promote high-quality development of mining industry →Zhao Yanwei, Director of Industry Development at Huawei</p>	<p>Organized by: Smart Mine Working Committee of China Mining Association & BGRIMM Intelligent Technology Co., Ltd. Chair: Zhang Yuansheng, General Manager, BGRIMM Intelligent Technology Co., Ltd. →Zhan Kai, Former Deputy General Manager, BGRIMM Technology Group: Reflections on the Construction of Intelligent Mines for Non ferrous Metals →Chen Xiaowei, Deputy General Manager of Mining Division & Director of Anben Branch, China ENFI Engineering Corporation: Solutions and innovative practices</p>

	<p>Energy Office, Guangzhou Institute of Energy Conversion, Chinese Academy of Sciences: A novel system for energy storage and CO₂ sequestration in medium-deep hydrothermal reservoir →Wang Yanxin, Director of Technology & IT Division, Sinopec Star Petroleum Co., Ltd.: Development and Prospects of Sinopec Star Geothermal Industry</p>	<p>Mine Corps, Huawei Technologies Co., Ltd.: Bring digital technology to every mine for safety, efficiency and intelligence →Li Jianfeng, Deputy General Manager, Minmetals Exploration and Development Co., Ltd.: New situation, New Requirements and Practical Experience of Safety Production Management in Non-coal Mines →Tumen Bayar, Commercial Representative & Counselor, Embassy of Mongolia to China: Mongolian’s mining investment and policies →Ren Hui, Deputy Director of China National Administration of Coal Geology & Director of Mine Safety Committee of China Mining Association</p>	<p>for the intelligent transformation and upgrading of traditional mines →Peng Pingan, Associate Professor, School of Resources and Security Engineering, Central South University: Digital Intelligence Technology Empowers the Construction of Intelligent Mines →Zhang Mingwei, Director of Mining and Metallurgical Solutions at Huawei Mine Corps, Huawei Technologies Co., Ltd.: Artificial Intelligence Enables Smart Mines →Lv Tao, Deputy Chief Engineer& Director of Intelligent Mine Research Institute, Dandong Dongfang Measurement & Control Technology Co., Ltd.: Reshaping ore flow, optimizing value chain, DFMC intelligent mining solutions</p>
11:30-14:00	Lunch (Banquet Hall N4, 1st Fl.)
